

PERFORMING THE NATIONAL ANTHEM

As we aim to create a real baseball experience, singing the national anthem is an important way to start our games with authenticity! Thank you so much for volunteering to honor our players with a live version.

We've hosted marching bands, choirs, duets, individuals...the list goes on! We are able to accommodate most set ups, don't hesitate to reach out with your request.

Gameday

Please plan to arrive at least 15 minutes before game start time. You'll be stationed by the announcer table and they will let you know when it's time to shine. They should have your name, but it's always best to make sure.

If you have any instruments or singing with a group and need multiple microphones make your Staff Member aware before starting lineups begin.

The Announcer will read through starting lineups then request all guests to stand if they are able to for the National Anthem performed by you!

Our audience is an enthusiastic and appreciative one, so have fun! Once you are done, take your applause, and enjoy the game!
