

Connections Special Needs

Family Ministry
Faith Church Denton

Saturdays 11:00 AM - 1:00 PM

We Belong - Come exactly as you are

For several years, I had been on the search for a church that would accommodate my family. While most churches were welcoming, they did not understand the barriers we face. We desperately yearned for community. We needed people who would adapt to our needs, while having the desire to embrace us, and learn about our challenges. This is my why for creating this ministry. — **Mariah Engel**

Pastor Smith and the people of Faith Church Denton have lovingly opened their hearts and their church to create a safe place where families with special needs can worship and gather for fellowship. Their volunteers and Pastor Smith are eager to learn how they can best accommodate so each family feels safe, valued, and loved.

What the Bible Says About People With Disabilities

Equal Value in the Community

1 Corinthians 12:22 teaches that the parts of the body that seem weaker are actually indispensable in God's design.

Purpose and Usefulness

Exodus 4:10-11 and 2 Corinthians 12:7-9 show that God uses our weaknesses to display His strength.

Protection and Inclusion

Leviticus 19:14 and Luke 14:13-14 command us to protect and welcome people with disabilities.

Not a Result of Sin

John 9:3 makes it clear that disability is not a punishment for sin.

Healing and Future Restoration

Isaiah 35:5-6 promises a future where every disability and source of pain will be no more.
